7-	Acoustic drum kit kick-snare-2 toms-hihat-1 crash 1 ride. (Andreas)	mics for whole drumkit.

Minimum requirements for FOH, is stereo PA with subwoofer.

## Visual details

We need a **projector** and the **backdrop behind the stage to be white** to project visuals behind the stage. It is important that the room can be completely dark during the show and kindly ask that there are no lights/lamps on the tables of the audience.

### Record stand

We need a place to sell our records during and after the show - a table, paper and pen ready at the record stand.

### Behind the stage

We need a private backstage room heated - not shared with other bands. And preferably a place to rest and lie down (a couch or bed)

We need a hot meal and drinks before showstart. 3 are vegetarians. 1 is allergic to cowmilk - oatmilk is preferable - soymilk is fine too.

We appreciate coffee, tea, fruits, snacks, tea and cold drinks.
